

INSTRUCTIONS:

Model: SBH-101 Fixture

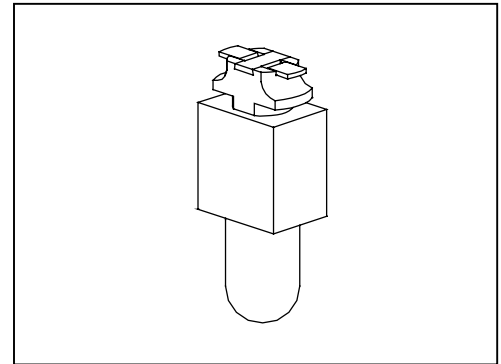

Read all instructions before installing.
Disconnect power before installing or re-lamping.

Overview: Fixtures are designed for use on WAC Linear system and are not compatible with other brands.

Lamp: T3 ¼" Xenon, (not tungsten halogen), rigid loop 12V/24V, clear or frosted. Visit our web site www.waclighting.com for replacement lamp information
To install lamp, simply push the base of the lamp into the socket of the fixture.

Installing fixtures:

Place the fixture contacts fully into the track channel and twist the fixture 90°. Fixtures are not polarized and may be turned in either direction. The fixture should feel tight in the track once installed.
