

**MANHATTAN ARCHITECTURAL PENDANT**

**DF-A16**

**Ordering Matrix**

Model	Lamp	Metal Finish	Diffuser
DF-A16	2TF32	BN	OA, OG
	3A60	BZ	OG

Ordering Example (model number – lamp – metal finish – diffuser) : DF-A16-2TF32-BZ/OA

**Product Details**

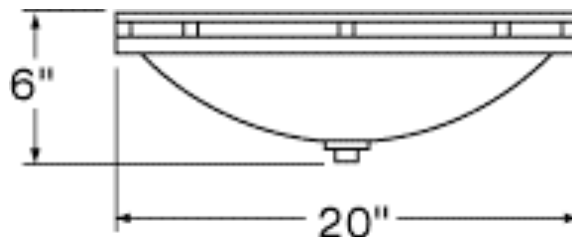

<b>Description:</b>	Decorative specification grade pendant that blends well into commercial, hospitality, high-end residential projects. The bowl comes in an opal finish that hides the lamp image while providing uniform light distribution. Pendants provide comfortable ambient lighting with no glare or shadows.
<b>Materials:</b>	Pendant diffuser is made of either Opal Acrylic (OA) or etched Opal Glass (OG). All visible metal parts pendant parts are Brushed Nickel or Designer Bronze. Bowl is supported with four braided to assure proper alignment.
<b>Dimensions:</b>	5 ¾" H x 16" W Mounts flush to ceiling.
<b>Mounting:</b>	6 ½" mounting canopy
<b>Lamping:</b>	Two 32w four-pin triple tube compact fluorescent (2TF32) or three 60w medium base screw-in incandescent (3A60).
<b>Finish:</b>	BN = Brushed Nickel metal finish BZ = Designer Bronze metal finish
<b>Listing:</b>	UL & CUL Listed.
<b>Options:</b>	Contact factory regarding Emergency and Dimming ballasts.

**Specification Features**

- Compact fluorescent wall sconce available with Opal Glass (OG) or Opal Acrylic (OA) shades.
- Compact Fluorescent Manhattan pendants use integral high efficiency 120v/277v electronic ballasts that provide instant starts and long lamp life.
- Compact Fluorescent lamps available in your choice of warm (2700K), neutral (3500K), and cool (4000K) colors, ordered separately.
- Matching family of pendants and other styles of decorative wall sconces are available; refer to the WAC Architectural Lighting website, [www.waclighting.com](http://www.waclighting.com), for further details.
- 5 year WAC Architectural Lighting product warranty.
